WE ARE AGENTS FOR THE
Famous Estey Organs and Pianos
NO BETTER INSTRUMENT MADE

A Step Ahead in Quality, a Step Behind in Price

WE want to say a few words about the
Job Department of our paper and to emphasize the
fact that it is now unnecessary for the people of
Polk and adjoining counties to send away for any
work they may need in our line.

We bought the plant with the idea of doing a class
of work seldom attempted outside of large cities,
and we claim to have the best equipped office in this
part of Tennessee or North Georgia.

We want your work with the understanding that
it will be as good as your money will buy elsewhere
and at reasonable prices. Give us a trial!

DELPHIC LITERARY.

The Delphic Literary Society of the Ducktown High School gave an entertainment, Tuesday night, that proved to be the best that has ever been given by it.

Despite the inclement weather a big crowd was present and it was an enjoyable affair every one said.

The programme was varied in character and it would be a hard matter to say who was entitled to the honors of the evening. The different numbers were nicely rendered and received hearty applause.

Financially, the club did well and we hope it will decide to give these entertainments oftener.

TO MY FRIENDS.

For some time I have been afflicted with what doctors called rheumatism. I called Dr. B. M. Doyle to see me on Friday evening, April 8, 1914, and I have had no pain from said ailment since the sixth dose of medicine he gave me. I am getting well beyond my utmost expectations.

W. A. EVANS.

SHRINER'S PIN LOST.

Last Saturday night at or near the show grounds, a Shriner's pin set with a small diamond. Reasonable reward will be paid on its return to W. A. Woody.

Let us figure with you on your next order for stationery. We do it a little better than seems necessary, but it is worth having after you get it. The price is right.
